INDEPENDENT AUDITORS' REPORT

Board of Education
Cheraw School District #31
Cheraw, Colorado

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Cheraw School District #31, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Cheraw School District #31's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Cheraw School District #31, as of June 30, 2016, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison schedules, and pension schedules listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Cheraw School District #31's basic financial statements. The individual major fund financial statements, the combining and individual nonmajor fund financial statements and the Colorado Department of Education Auditors' Electronic Financial Data Integrity Check Figures listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The individual major fund financial statements, the combining and individual nonmajor fund financial statements and the Colorado Department of Education Auditors' Electronic Financial Data Integrity Check Figures are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects in relation to the basic financial statements as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS

**CHERAW SCHOOL DISTRICT #31
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR FISCAL YEAR ENDED JUNE 30, 2016**

Management of Cheraw School District #31 (the "District") offers readers of the District's Annual Financial Report this narrative and analysis of the financial activities of the District for the fiscal year ended June 30, 2016. Management encourages readers to consider the information presented here in conjunction with additional information provided in the Independent Auditors' report.

FINANCIAL HIGHLIGHTS

- In governmental activities, the District's assets were exceeded by its liabilities at the close of the fiscal year by \$(1,620,325) (net position). Of this amount, \$(3,210,244) (unrestricted net position) may be used to meet the District's ongoing obligations.
- As the end of the fiscal year, the District's governmental funds reported combined ending fund balances of \$1,016,207, an increase of \$219,493 from the prior year fund balance, as restated.
- The District had adequate resources available for all appropriations.

OVERVIEW OF FINANCIAL STATEMENTS

The management's discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The Cheraw School District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, 3) notes to basic financial statements.

Government-Wide Financial Statements

The government-wide financial statements provided are designed to supply the reader an overview of the District's financial activities similar to those statements used in the private sector. The government-wide statements relate to those activities directly related to the education of the students.

The statement of net position presents information on all of the District's assets and liabilities. The difference between the two is reported as net position. Changes in net position from year to year may be used as an indicator of the overall financial position of the District. Over time, changes in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents the current fiscal year revenues and expenses to show how the net position of the district changed during the year. In the statement of activities, changes in net position are recorded when the event occurs. This could mean that information may be reported for revenues and expenses that will result in cash flow differences in future fiscal years.

The government-wide financial statements include all governmental activities.

Governmental activities: Most of the District's basic services are included here, such as instruction, transportation, maintenance and operations, food service and administration. The School Finance Act of 1994, as amended, made up of property taxes and state equalization, finances most of these activities. This information is comprised of all of the following Cheraw School District funds – general fund (which includes the preschool fund and insurance reserve fund activity), library fund and food service fund.

Fund Financial Statements

The fund financial statements provide detailed information about the District's funds, focusing on its most significant funds or "major" funds, not the District as a whole. Fund financial statements are designed to display compliance with finance-related legal requirements. A fund is a grouping of related accounts designed to keep control over resources segregated for specific activities or objectives. All of the funds of the District can be divided into two categories: governmental funds and fiduciary fund.

Governmental Funds

Governmental funds account for the same functions reported as governmental activities in the government-wide financial statements. However, governmental fund financial statements emphasize short-term financial resources and fund balances (spendable resources available at the end of the fiscal year). Such information is used to evaluate the District's short-term financing requirements. Comparison of the governmental funds with the government-wide funds may allow the reader to better understand the long-term impact of the District's near-term financing decisions.

Fiduciary Fund

The District is the agent, or fiduciary, for assets that belong to others. The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. The District excludes these activities from the government-wide financial statements because it cannot use these assets to finance its operations. The District uses fiduciary funds to account for its pupil activity agency fund.

Notes to the financial statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

In addition to the financial statements and accompanying notes, this report also contains other supplemental information concerning the District's non-major governmental funds. The combining statements of the non-major governmental funds are presented after the notes to the basic financial statements.

FINANCIAL ANALYSIS OF THE SCHOOL DISTRICT AS A WHOLE

The assets of the Cheraw School District are classified as current assets and capital assets. Cash, investments, receivables, inventories and prepaid expenditures are current assets. These assets are available to provide resources for the near-term operations of the District. Capital assets are used in the operations of the District. These assets include land, buildings, equipment and vehicles.

The following tables provide a summary of the District's net position (deficit) as of June 30, 2016 and 2015:

	<u>Governmental Activities</u>	
	<u>2016</u>	<u>2015</u>

Net Position – Beginning	<u>(1,700,283)</u>	<u>(1,516,008)</u>
Net Position – Ending	<u>\$ (1,620,325)</u>	<u>\$ (1,700,283)</u>

Governmental Activities

The primary source of operating revenue for school districts comes from the School Finance Act of 1994. Under this act, the District received \$2,160,049. In fiscal year 2015-2016, the funded pupil count 172. Funding for the School Finance Act comes from property taxes, specific ownership taxes and state equalization. The District received approximately 81 percent of its funding from state equalization while the remaining amount comes from property taxes and specific ownership taxes.

Governmental activities for the year ended June 30, 2016 increased the Cheraw School District's net position by \$79,958.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

Governmental Funds

The focus of the District's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unreserved fund balance may serve as a useful measure of Cheraw School District's net resources available for spending at the end of the fiscal year.

The general fund is the major governmental fund of the Cheraw School District. The general fund includes the general fund and the preschool fund. As of June 30, 2016, the general fund shows an ending fund balance of \$991,227 up from \$770,123 for the prior year.

GENERAL FUND BUDGETARY HIGHLIGHTS

The District's budget is prepared according to Colorado law and is based on accounting for certain transactions on a basis of cash receipts and disbursements. The most significant budgeted fund is the General Fund.

- Actual revenues in the General Fund were \$3,888 lower than anticipated.
- The actual expenditures were \$126,892 below budget.
- The District must maintain a 3% emergency reserve as a part of the TABOR Amendment (Taxpayer Bill of Rights). At June 30, 2016, the District's TABOR reserve amounted to \$70,400.

CAPITAL ASSETS

The District's net investment in capital assets for its governmental activities as of June 30, 2016 amounts to \$1,508,727. This is a total cost of \$3,741,315 less accumulated depreciation of \$2,060,729. This net investment in capital assets includes land, buildings and improvements, equipment, and capital leases all with an original cost greater than \$5,000. Additional information of the District's capital assets can be found in this report.

LONG-TERM DEBT

In 2008, the District entered into a lease-purchase arrangement to obtain \$355,250 for matching funds to obtain a capital construction grant. The lease calls for 15 annual payments of \$33,535 including interest of 4.7%. One principal payment of \$33,535 was made in the year ended June 30, 2016. The remaining balance at June 30, 2016 was \$171,859

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The budget for 2015-2016 will see a slight increase in revenues due to improvement in economic conditions in the United States, the State of Colorado and the Arkansas Valley where the school district is located. The majority of the increase in revenues that will be received by the district will be offset by the increase in expenditures primarily in retirement benefits, utilities, PERA increases, fuel costs and an increase in maintenance. The District has added no major programs or initiatives to the 2016-2017 budget. If these estimates are realized, the District's budgetary general fund balance is not expected to change by the close of 2016.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Business Manager or Superintendent, Cheraw School District, 110 Lakeview, P.O. Box 160, Cheraw, CO 81030.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO
THE STATEMENT OF ACTIVITIES

YEAR ENDED JUNE 30, 2016

AMOUNTS REPORTED FOR GOVERNMENTAL ACTIVITIES IN THE STATEMENT OF ACTIVITIES
ARE DIFFERENT BECAUSE:

Governmental Funds Changes in Fund Balances	\$	219,493
<p>Unearned property tax revenue. Revenues that do not provide current financial resources are deferred on the governmental fund statements but recognized on the government - wide financial statements.</p>		
		16,100
<p>Governmental funds report capital outlays as expenditures. In the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation. This is the amount by which capital outlays differ from depreciation in the current period.</p>		
Capital outlay	\$	-
Depreciation Expense		(89,025)
		(89,025)
<p>Unearned property taxes of the prior year. Property taxes earned but deferred in the prior year and recognized in the current year are recognized in the prior year net position on the statement of activities.</p>		
		(3,609)
<p>The governmental funds report debt proceeds as an other financing source, while repayment of debt principal is reported as an expenditure. The effect of discounts and premiums are recognized when the debt is issued in governmental funds, whereas these amounts are deferred and amortized in the statement of activities. Interest expense is recognized as it accrued in the statement of activities regardless of when it is due. The net effect of these differences follows:</p>		
Repayment of Debt Principal	\$	24,315
Interest Expense		317
		24,632
<p>In the statement of activities, certain operating expenses are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used or due (essentially, the amounts actually paid). This amount represents the net effect of compensated absences and pension related amounts on the statement of activities.</p>		
Compensated Absences	\$	(11,859)
Pension Related Amounts		(75,774)
		(87,633)
Governmental Activities Change in Net Position	\$	79,958

NOTES TO BASIC FINANCIAL STATEMENTS

CHERAW SCHOOL DISTRICT #31
OTERO COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE - 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Cheraw School District #31 (the "District") is governed by an elected five member Board of Education. The District is the lowest level of government, which is considered to be financially accountable over all activities related to public school education in Cheraw, Colorado. The District receives funding from local, state, and federal government sources and must comply with the requirements of these funding source entities. The Board of Education members are elected by the public and have decision-making authority, the power to designate management, the ability to significantly influence operations, and primary accountability for fiscal matters.

FINANCIAL REPORTING ENTITY

Governmental Accounting Standards Board (GASB) Statement No. 14 (as amended by Statements No. 34, No. 39 and No. 61), "*The Financial Reporting Entity*" (GASB No. 14) describes the financial reporting entity as it relates to governmental accounting. According to this Statement, the financial reporting entity consists of a.) the primary government, b.) organizations for which the primary government is financially accountable, and c.) other organizations whose exclusion from the reporting entity's financial statements would cause those statements to be misleading or incomplete. Any organizations that can be described by these last two items are included with the primary government in the financial statements as component units.

The District is not included in any other governmental "reporting entity" as defined in GASB No. 14 and amended by GASB No. 39 and GASB No. 61. As required by accounting principles generally accepted in the United States of America, these basic financial statements present the District (the primary government) and its component units, if applicable.

Jointly Governed Organizations

Not reflected in the accompanying financial statements is the District's participation in the Santa Fe Trail Board of Cooperative Educational Services (BOCES). The BOCES is an organization that provides member districts educational services at a shared lower cost per district.

The District in conjunction with other local school districts has created a Board of Cooperative Educational Services. The Board is composed of one member from each of the participating school districts. The Board has final authority for all budgeting and financing of the joint venture. The BOCES is not included as a component unit of the District as the financial responsibility is minimal, there is no financial interdependency, the District does not have the ability to significantly influence the operations of the BOCES and the District is not accountable for fiscal matters of the BOCES.

The District has paid \$65,082 to BOCES during the fiscal year in exchange for services. Financial Statements may be obtained by writing to: Santa Fe Trail BOCES, 302 Colorado Avenue, P.O. Box 980, La Junta, CO 81050.

GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the District. For the most part, the effect of inter-fund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental fund is the General Fund.

CHERAW SCHOOL DISTRICT #31
OTERO COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE - 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The government-wide financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

As a general rule, the effect of inter-fund activity has been eliminated from the government-wide financial statements.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, operating statements present increases and decreases in net current assets and unassigned fund balance as a measure of available spendable resources. This means that only current liabilities are generally included on their balance sheets.

Amounts reported as program revenues included 1.) charges to customers or applicants for goods, services or privileges provided, 2.) operating grants and contributions, and 3.) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

All governmental fund types use the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period, or soon enough thereafter, to pay liabilities of the current period. Revenues are considered to be available if collected within 60 days after year-end.

Property taxes are reported as receivables and deferred revenue when levied and as revenues when due for collection in the following year and determined to be available.

Grants and entitlement revenues are recognized when compliance with matching requirements is met. A receivable is established when the related expenditures exceed revenue receipts and a deferred revenue/unearned revenue exists when assets have been recognized, but the related revenue has not been recognized, since the assets are not collected within the current period.

Expenditures are recorded when the related fund liability is incurred with the exception of general obligation and capital lease debt service which is recognized when due and certain accrued sick and personal pay which are accounted for as expenditures when expected to be liquidated with expendable available financial resources.

Certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column.

Fund Accounting

The accounts of the District are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures, or expenses, as appropriate. The District's resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The major funds presented in the accompanying basic financial statements are as follows:

CHERAW SCHOOL DISTRICT #31
OTERO COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE - 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Major Governmental Fund

General Fund - The general fund is the general operating fund of the District; used to account for all resources that are not legally or by sound financial management to be accounted for in another fund.

Additionally, the District reports the following fund type:

Student Activity Fund – Used to account for the various activities of the students and other restricted funds and are held in a fiduciary capacity by the District. These activities are supported in whole or in part by revenues from pupils, gate receipts and other fund-raising activities.

Cash and Investments

Cash represents amounts on deposit with financial institutions or held by the District. The District is allowed to invest in the following types of investments: short-term certificates of deposit, repurchase agreements, money market deposit accounts, mutual funds, government pools, and U.S. Treasury Obligations. All other securities are recorded at fair value. It is the intention of investing to maximize interest income, and securities are selected according to their risk, marketability and diversification. For purposes of the statement of cash flows, the district considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Receivables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. In the fund financial statements, these receivables and payables are classified as “due from other funds” or “due to other funds” on the balance sheet.

Intergovernmental receivables include amounts due from grantors for specific program grants. Program grants are recorded as receivables and revenues at the time reimbursable project costs are incurred. Property taxes levied in 2016, but not yet collected in 2017, are identified as property taxes receivable.

Inventories

Materials and supplies inventories are stated at cost using the first-in first-out method of determining cost. Inventories recorded in the Food Services Fund consist of purchased and donated commodities. Purchased inventories are stated at cost. Donated inventories, received at no cost under a program supported by the Federal Government, are recorded at their estimated fair value at the date of receipt.

The cost of all inventories is recorded as an asset when the individual inventory items are purchased and as an expenditure or expense when consumed.

Capital Assets

Capital assets, which include property, vehicles and equipment, are utilized for general District operations and are capitalized at actual or estimated cost. Donations of such assets are recorded at estimated fair value at the time of donation. Capital assets are reported in the governmental activities column in the government-wide financial statements.

Maintenance, repairs, and minor renovations are recorded as expenditures when incurred. Major additions and improvements are capitalized. When assets used in the operation of the governmental fund types are sold, the proceeds of the sale are recorded as revenues in the appropriate fund. The District does not capitalize interest on the construction of capital assets.

The monetary threshold for capitalization of assets is \$5,000. The District’s capital assets are depreciated using the straight-line method over the estimated useful lives of the fixed assets. Estimated useful lives are:

	<u>Years</u>
Vehicles	5-15
Equipment	5-15
Buildings and Site Improvements	15-50

CHERAW SCHOOL DISTRICT #31
OTERO COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE - 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Liabilities

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable government activities statement of net position. The District records long-term debt of governmental funds at the face value. The District's capital leases are serviced from property taxes and other revenues of the General Fund.

Accrued Vacation and Sick Pay

District policy allows employees to accumulate unused vacation pay up to a specified limit and is paid annually for sick leave accumulated in excess of 60 days. Accrued vacation and sick leave is payable upon resignation, termination, retirement or death.

In accordance with the governmental accounting standards, the District has recorded the accrued liability for vacation pay in the accompanying district wide financial statements. The amounts are accrued as expenses when incurred in the funds of the District.

Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities of net position. Net pension liabilities, associated with the School Division Trust Fund (SCHDTF) administered by PERA, represent the District's proportionate share of total pension liabilities less the fiduciary net position. Amounts have been determined using the economic resources measurement focus and the accrual basis of accounting.

For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Pension related deferred outflows and inflows are reported as such and will be recognized in the collective pension expense in subsequent years. The employer portions of contributions made to the SCHDTF are reported as benefit expenditures in the current period.

Unearned Revenue

Unearned revenues represent assets received (measurable) but not yet earned. In the statement of net position, unearned revenues represent grant funds received, but not yet earned as the related service has not yet been provided.

Deferred Revenue

Although certain revenues are measurable, they are not available. Available means collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue in the governmental funds represents the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current period, or in the case of property taxes, levied for a future period. Deferred revenue consists of the succeeding year's property taxes.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District has one item that qualifies for reporting in this category which is for pension related amounts.

Pension related amounts include items related to the District's portion of the Colorado Public Employees Retirement Association (PERA) benefit plans. This includes the difference between expected and actual experience, any changes of assumptions or other inputs, and the net difference between projected and actual investment earnings on pension plan investments. More information on pension related items is included in Note 6.

CHERAW SCHOOL DISTRICT #31
OTERO COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE - 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Deferred Outflows/Inflows of Resources (Continued)

In addition to liabilities, the statement of financial position and balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has two items reported in this category.

The item, property taxes levied for subsequent years, arises only under a modified accrual basis of accounting. The governmental funds report unavailable revenues from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. Property tax revenue is considered a deferred inflow of resources in the year the taxes are levied and measurable, and are recognized as an inflow of resources in the period they are collected.

The other item included in this category is the pension related deferred inflows of resources. These deferred inflows result from the difference between expected and actual experience, the changes of assumptions of other inputs, and the net difference between projected and actual investment earnings on pension plan investments. More information on pension related items is included in Note 6.

Fund Balance

In the government-wide and fund financial statements, net position and fund balances are restricted when constraints placed on the use of resources are externally imposed. GASB Statement Number 54, "*Fund Balance Reporting and Governmental Fund Type Definitions*", is intended to improve the usefulness of information provided to financial report users about fund balance by providing clearer, more structured fund balance classifications and by clarifying the definitions of existing governmental fund types. As a result, fund balances are reported in classifications based on the extent to which the District is bound to honor constraints for the specific purposes on which amounts in the fund can be spent.

The following classifications describe the relative strength of the spending constraints placed on the purposes for which the resources can be used:

Nonspendable fund balance - amounts that are not in spendable form (such as inventory) or required to be maintained intact;

Restricted fund balance - amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation;

Committed fund balance - amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint;

Assigned fund balance - amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority;

Unassigned fund balance - amounts that are available for any purpose; positive amounts are reported only in the General Fund.

The Board of Education establishes (and modifies or rescinds) fund balance commitments by passage of a resolution. This is typically done through adoption and amendment of the budget. Assigned fund balance is established through the adoption or amendment of the budget as intended for specific purposes.

When both restricted and unrestricted resources are available in governmental funds, the District applies expenditures against restricted fund balance first, and followed by committed fund balance, assigned fund balance and unassigned fund balance.

CHERAW SCHOOL DISTRICT #31
OTERO COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE - 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Balance (Continued)

Preschool - This reserve of fund balance is the amount of fund balance from the Preschool Fund, which is a sub-fund of the General Fund. Beginning in fiscal year 2002, the State of Colorado mandated separate fund accounting for the Colorado Preschool Program. The program serves children in need of language development or social development, or who are receiving aid as neglected or dependent children.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Interest Expense

All interest expense has been reported as unallocated in Government-wide financial statements.

Budgetary Information

Expenditures may not legally exceed appropriations at the fund level. For the year ended June 30, 2016, no fund's expenditures exceeded appropriations.

Accounting Principles

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP).

NOTE - 2 DEPOSITS AND INVESTMENTS

Deposits

The District's investment policies are approved by the Board of Education and governed by Colorado statute. The Colorado Public Deposit Protection Act, (PDPA) requires that all units of local government deposit cash in eligible public depositories; state regulators determined eligibility. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool is to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The market value of the collateral must be at least equal to 102% of the uninsured deposits.

Custodial Credit Risk - Deposits. Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a deposit policy for custodial credit risk. As of June 30, 2016, \$0 of the District's bank balance of \$186,938 was exposed to custodial credit risk. Deposits exposed to credit risk are collateralized with securities held by the pledging financial institution through PDPA.

	Carrying Balance	Bank Balance
Insured (FDIC)	\$ 166,405	\$ 186,938
Uninsured, Collateralized under the Public Deposit Protection Act	-	-
Cash with County Treasurer	2,587	-
Cash on Hand	30	-
	\$ 169,022	\$ 186,938

The above amount is reflected in the accompanying financial statements as follows:

Governmental Activities - Cash	\$ 75,661
Governmental Activities – Investments	33,038
Fiduciary Activities – Cash	60,323
	\$ 169,022

CHERAW SCHOOL DISTRICT #31
OTERO COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE - 2 DEPOSITS AND INVESTMENTS (Continued)

District Investments

At June 30, 2016, the District had the following investments:

	<u>Investments</u>	<u>Maturities</u>	<u>Fair Value</u>
COLO Trust	State Pool	Under 60 Day Avg.	\$ 1,184,897

Credit Risk - State law limits investments for school districts to U.S. treasury issues, other federally backed notes and credits, and other agency offerings (not based on derivatives) without limitation. Other investment instruments including bank obligations, general obligation bonds, and commercial paper are limited to at least one of the highest rating categories of at least one nationally recognized rating agency. State law further limits investments in money market funds that are organized according to the Federal Investment Company Act of 1940, as specified in rule 2a-7, as amended, as long as such rule does not increase remaining maturities beyond a maximum of three years. Investments in these funds require that the institution have assets in excess of \$1 billion or the highest credit rating from one or more of a nationally recognized rating agency. The investment in COLOTrust were rated AAA by Standard & Poor's.

Interest Rate Risk - The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value loss resulting from increasing interest rates. The Colorado revised statute 24-75-601 limits investment maturities to five years or less without governing board approval.

NOTE - 3 PROPERTY TAXES

Property taxes are levied on December 15 and attach as a lien on property the following January 1. They are payable in full by April 30 or in two equal installments due February 28 and June 15. The County bills and collects property taxes for all taxing districts in the County. The property tax receipts collected by the County are remitted to the District in the subsequent month. Property taxes that are uncollected at the end of the fiscal year are expected to be utilized as a financing source in the following fiscal year and are reported as receivable and deferred revenue.

NOTE - 4 CAPITAL ASSETS

A summary of changes in capital assets is as follows:

	<u>Balances</u> <u>June 30,</u> <u>2015</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balances</u> <u>June 30,</u> <u>2016</u>
<u>Governmental Activities:</u>

Total Capital Assets Net	<u>\$ 1,769,611</u>	<u>\$ (89,025)</u>	<u>\$ -</u>	<u>\$ 1,680,586</u>

CHERAW SCHOOL DISTRICT #31
OTERO COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE - 4 CAPITAL ASSETS (Continued)

Depreciation expense was charged to functions/programs of the primary government as follows:

Governmental Activities:	
Instruction	\$ 79,589
Food Service Operations	-
Support Services	<u>9,436</u>
Total Depreciation Expense – Governmental Activities	<u>\$ 89,025</u>

NOTE - 5 ACCRUED TEACHERS' SALARIES AND EMPLOYEE BENEFITS

Salaries and retirement benefits of certain contractually employed personnel are paid over a twelve-month period from September to August, but are earned during a school year of approximately nine to ten months. The salaries and benefits earned, but unpaid, at June 30, 2016, are estimated to be \$200,570. Accordingly, the accrued compensation is reflected as a liability in the accompanying financial statements of the various funds.

NOTE - 6 DEFINED BENEFIT PENSION PLAN

Summary of Significant Accounting Policies

Pensions. Cheraw School District #31 participates in the School Division Trust Fund (SCHDTF), a cost-sharing multiple-employer defined benefit pension fund administered by the Public Employees' Retirement Association of Colorado ("PERA"). The net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position of the SCHDTF have been determined using the economic resources measurement focus and the accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

General Information about the Pension Plan

Plan description. Eligible employees of the District are provided with pensions through the School Division Trust Fund (SCHDTF)—a cost-sharing multiple-employer defined benefit pension plan administered by PERA. Plan benefits are specified in Title 24, Article 51 of the Colorado Revised Statutes (C.R.S.), administrative rules set forth at 8 C.C.R. 1502-1, and applicable provisions of the federal Internal Revenue Code. Colorado State law provisions may be amended from time to time by the Colorado General Assembly. PERA issues a publicly available comprehensive annual financial report that can be obtained at www.copera.org/investments/pera-financial-reports.

Benefits provided. PERA provides retirement, disability, and survivor benefits. Retirement benefits are determined by the amount of service credit earned and/or purchased, highest average salary, the benefit structure(s) under which the member retires, the benefit option selected at retirement, and age at retirement. Retirement eligibility is specified in tables set forth at C.R.S. § 24-51-602, 604, 1713, and 1714.

The lifetime retirement benefit for all eligible retiring employees under the PERA Benefit Structure is the greater of the:

- Highest average salary multiplied by 2.5 percent and then multiplied by years of service credit
- The value of the retiring employee's member contribution account plus a 100 percent match on eligible amounts as of the retirement date. This amount is then annuitized into a monthly benefit based on life expectancy and other actuarial factors.

CHERAW SCHOOL DISTRICT #31
OTERO COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE - 6 DEFINED BENEFIT PENSION PLAN (Continued)

In all cases the service retirement benefit is limited to 100 percent of highest average salary and also cannot exceed the maximum benefit allowed by federal Internal Revenue Code.

Members may elect to withdraw their member contribution accounts upon termination of employment with all PERA employers; waiving rights to any lifetime retirement benefits earned. If eligible, the member may receive a match of either 50 percent or 100 percent on eligible amounts depending on when contributions were remitted to PERA, the date employment was terminated, whether 5 years of service credit has been obtained and the benefit structure under which contributions were made.

Benefit recipients who elect to receive a lifetime retirement benefit are generally eligible to receive post-retirement cost-of-living adjustments (COLAs), referred to as annual increases in the C.R.S. Benefit recipients under the PERA benefit structure who began eligible employment before January 1, 2007 receive an annual increase of 2 percent, unless PERA has a negative investment year, in which case the annual increase for the next three years is the lesser of 2 percent or the average of the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) for the prior calendar year. Benefit recipients under the PERA benefit structure who began eligible employment after January 1, 2007 receive an annual increase of the lesser of 2 percent or the average CPI-W for the prior calendar year, not to exceed 10 percent of PERA's Annual Increase Reserve for the SCHDTF.

Disability benefits are available for eligible employees once they reach five years of earned service credit and are determined to meet the definition of disability. The disability benefit amount is based on the retirement benefit formula shown above considering a minimum 20 years of service credit, if deemed disabled.

Survivor benefits are determined by several factors, which include the amount of earned service credit, highest average salary of the deceased, the benefit structure(s) under which service credit was obtained, and the qualified survivor(s) who will receive the benefits.

Contributions. Eligible employees and the District are required to contribute to the SCHDTF at a rate set by Colorado statute. The contribution requirements are established under C.R.S. § 24-51-401, *et seq.* Eligible employees are required to contribute 8 percent of their PERA-includable salary. The employer contribution requirements are summarized in the table below:

	For the Year Ended June 30, 2016	For the Year Ended June 30, 2015
Employer Contribution Rate ¹	10.15%	10.15%
Amount of Employer Contribution apportioned to the Health Care Trust Fund as specified in C.R.S. § 24-51-208(1)(f) ¹	(1.02)%	(1.02)%
Amount Apportioned to the SCHDTF ¹	9.13%	9.13%
Amortization Equalization Disbursement (AED) as specified in C.R.S. § 24-51-411 ¹	4.50%	4.20%
Supplemental Amortization Equalization Disbursement (SAED) as specified in C.R.S. § 24-51-411 ¹	4.50%	4.00%
Total Employer Contribution Rate to the SCHDTF¹	18.13%	17.33%

¹ Rates are expressed as a percentage of salary as defined in C.R.S. § 24-51-101(42).

Employer contributions are recognized by the SCHDTF in the period in which the compensation becomes payable to the member and the District is statutorily committed to pay the contributions to the SCHDTF. Employer contributions recognized by the SCHDTF from the District were \$230,584 for the year ended June 30, 2016.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

CHERAW SCHOOL DISTRICT #31
OTERO COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE - 6 DEFINED BENEFIT PENSION PLAN (Continued)

At June 30, 2016, the District reported a liability of \$4,299,183 for its proportionate share of the net pension liability. The net pension liability was measured as of December 31, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2014. Standard update procedures were used to roll forward the total pension liability to December 31, 2015. The District proportion of the net pension liability was based on District contributions to the SCHDTF for the calendar year 2015 relative to the total contributions of participating employers to the SCHDTF.

At December 31, 2015, the District's proportion was 0.02811%, which was a decrease of 0.00334 from its proportion measured as of December 31, 2014.

For the year ended June 30, 2016, the District recognized pension expense of \$306,358. At June 30, 2016, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$ -	\$ (375,030)
Changes of assumptions or other inputs	-	-
Net difference between projected and actual earnings on pension plan investments	409,209	-
Changes in proportion and differences between contributions recognized and proportionate share of contributions	-	-
Contributions subsequent to the measurement date	119,797	-
Total	\$ 529,006	\$ (375,030)

\$119,797 reported as deferred outflows of resources related to pensions, resulting from contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30, 2016:	
2017	\$ 11,061
2018	11,061
2019	11,061
2020	996

Actuarial assumptions. The total pension liability in the December 31, 2014 actuarial valuation was determined using the following actuarial assumptions and other inputs:

Price inflation	2.80 percent
Real wage growth	1.10 percent
Wage inflation	3.90 percent
Salary increases, including wage inflation	3.90 – 10.10 percent
Long-term investment Rate of Return, net of pension plan investment expenses, including price inflation	7.50 percent
Future post-retirement benefit increases:	
PERA Benefit Structure hired prior to 1/1/07; and DPS Benefit Structure (automatic)	2.00 percent
PERA Benefit Structure hired after 12/31/06 (ad hoc, substantively automatic)	Financed by the Annual Increase Reserve

CHERAW SCHOOL DISTRICT #31
OTERO COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE – 6 DEFINED BENEFIT PENSION PLAN (Continued)

Changes to assumptions or other inputs since the December 31, 2013 actuarial valuation:

- The following programming changes were made:
 - Valuation of the full survivor benefit without any reduction for possible remarriage.
 - Reflection of the employer match on separation benefits for all eligible years.
 - Reflection of one year of service eligibility for survivor annuity benefit.
 - Refinement of the 18 month annual increase timing.
 - Refinement to directly value certain and life, modified cash refund and pop-up benefit forms.

- The following methodology changes were made:
 - Recognition of merit salary increases in the first projection year.
 - Elimination of the assumption that 35% of future disabled members elect to receive a refund.
 - Removal of the negative value adjustment for liabilities associated with refunds of future terminating members.
 - Adjustments to the timing of the normal cost and unfunded actuarial accrued liability payment calculations to reflect contributions throughout the year.

Mortality rates were based on the RP-2000 Combined Mortality Table for Males or Females, as appropriate, with adjustments for mortality improvements based on a projection of Scale AA to 2020 with Males set back 1 year, and Females set back 2 years.

The actuarial assumptions used in the December 31, 2014 valuation were based on the results of an actuarial experience study for the period January 1, 2008 through December 31, 2011, adopted by PERA's Board on November 13, 2012, and an economic assumption study, adopted by PERA's Board on November 15, 2013 and January 17, 2014.

The SCHDTF's long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation.

As of the most recent analysis of the long-term expected rate of return, presented to the PERA Board on November 15, 2013, the target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	10 Year Expected Geometric Real Rate of Return
U.S. Equity – Large Cap	26.76%	5.00%
U.S. Equity – Small Cap	4.40%	5.19%
Non U.S. Equity – Developed	22.06%	5.29%
Non U.S. Equity – Emerging	6.24%	6.76%
Core Fixed Income	24.05%	0.98%
High Yield	1.53%	2.64%
Long Duration Gov't/Credit	0.53%	1.57%
Emerging Market Bonds	0.43%	3.04%
Real Estate	7.00%	5.09%
Private Equity	7.00%	7.15%
Total	100.00%	

In setting the long-term expected rate of return, projections employed to model future returns provide a range of expected long-term returns that, including expected inflation, ultimately support a long-term expected rate of return assumption of 7.50%.

CHERAW SCHOOL DISTRICT #31
OTERO COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE – 6 DEFINED BENEFIT PENSION PLAN (Continued)

Discount rate. The discount rate used to measure the total pension liability was 7.50 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the fixed statutory rates specified in law, including current and future AED and SAED, until the Actuarial Value Funding Ratio reaches 103 percent, at which point, the AED and SAED will each drop 0.50 percent every year until they are zero. Based on those assumptions, the SCHDTF’s fiduciary net position was projected to be available to make all projected future benefit payments of current members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate determination does not use the Municipal Bond Index Rate. There was no change in the discount rate from the prior measurement date.

Sensitivity of the District proportionate share of the net pension liability to changes in the discount rate. The following presents the proportionate share of the net pension liability calculated using the discount rate of 7.50 percent, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.50 percent) or 1-percentage-point higher (8.50 percent) than the current rate:

	1% Decrease (6.50%)	Current Discount Rate (7.50%)	1% Increase (8.50%)
Proportionate share of the net pension liability	\$ 5,572,998	\$ 4,299,183	\$ 3,239,607

Pension plan fiduciary net position. Detailed information about the SCHDTF’s fiduciary net position is available in PERA’s comprehensive annual financial report which can be obtained at www.copera.org/investments/pera-financial-reports.

Voluntary Investment Program

Plan Description - Employees of the District that are also members of the SCHDTF may voluntarily contribute to the Voluntary Investment Program, an Internal Revenue Code Section 401(k) defined contribution plan administered by PERA. Title 24, Article 51, Part 14 of the C.R.S, as amended, assigns the authority to establish the Plan provisions to the PERA Board of Trustees. PERA issues a publicly available comprehensive annual financial report for the Plan. That report can be obtained at www.copera.org/investments/pera-financial-reports.

Funding Policy – The Voluntary Investment Program is funded by voluntary member contributions up to the maximum limits set by the Internal Revenue Service, as established under Title 24, Article 51, Section 1402 of the C.R.S., as amended. Employees are immediately vested in their own contributions, employer contributions and investment earnings. For the year ended June 30, 2016, program members contributed \$6,873.

NOTE - 8 OTHER POST-EMPLOYMENT BENEFITS

Health Care Trust Fund

Plan Description – The Cheraw School District #31 contributes to the Health Care Trust Fund ("HCTF"), a cost-sharing multiple-employer healthcare trust administered by PERA. The HCTF benefit provides a health care premium subsidy and health care programs (known as PERACare) to PERA participating benefit recipients and their eligible beneficiaries. Title 24, Article 51, Part 12 of the C.R.S., as amended, establishes the HCTF and sets forth a framework that grants authority to the PERA Board to contract, self-insure and authorize disbursements necessary in order to carry out the purposes of the PERACare program, including the administration of health care subsidies. PERA issues a publicly available comprehensive annual financial report that includes financial statements and required supplementary information for the HCTF. That report can be obtained at www.copera.org/investments/pera-financial-reports.

CHERAW SCHOOL DISTRICT #31
OTERO COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE – 8 OTHER POST-EMPLOYMENT BENEFITS (Continued)

Funding Policy – The District is required to contribute at a rate of 1.02 percent of PERA-includable salary for all PERA members as set by statute. No member contributions are required. The contribution requirements for the District are established under Title 24, Article 51, Part 4 of the C.R.S., as amended. The apportionment of the contributions to the HCTF is established under Title 24, Article 51, Section 208(1)(f) of the C.R.S., as amended. For the years ending June 30, 2016, 2015, 2014, the District contributions to the HCTF were \$12,539, \$12,868 and \$12,655, respectively, equal to their required contributions for each year.

NOTE -9 CAPITAL LEASE

In fiscal year 2006, the District entered into a lease-purchase agreement to provide matching funds for a capital project funded by a capital construction grant. The principal received was \$355,250. The lease calls for 15 annual payments of \$33,535 beginning December 15, 2007. Interest is at the rate of 4.7%.

Annual debt service requirements to maturity are as follow:

	<u>PRINCIPAL</u>	<u>INTEREST</u>	<u>TOTAL</u>
2017	\$ 25,458	\$ 8,077	\$ 33,535
2018	26,654	6,881	33,535
2019	27,907	5,628	33,535
2020	29,219	4,316	33,535
2021	30,592	2,943	33,535
2022	<u>32,029</u>	<u>1,506</u>	<u>33,535</u>
	<u>\$ 171,859</u>	<u>\$ 29,351</u>	<u>\$ 201,210</u>

SUMMARY OF LONG-TERM DEBT

The following is a summary of bond and other financing transactions of the Town for the year ended June 30, 2016:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Business-type activities:					
Lease - Purchase	\$ 196,174	\$ -	\$ (24,315)	\$ 171,859	\$ 25,458

For the year ended June 30, 2016, interest incurred was \$8,903

NOTE -10 TRANSFERS

Transfers are used to move revenues from the fund that collects them to specific programs accounted for in other funds, in accordance with budget authorization. Transferred funds are without recourse and made in the normal course of operations to support funding needs. Transfers during the fiscal year ended June 30, 2016, were as follows:

<u>Transfers From</u>	<u>Transfers To</u>	<u>Amount</u>
General	Food Services	<u>\$ 4,113</u>

NOTE -11 CONTINGENT LIABILITIES

The District receives revenues from various Federal and State grant programs, which are subject to final review and approval as to allowability by the respective grantor agency. Management believes disallowances, if any, would be immaterial.

CHERAW SCHOOL DISTRICT #31
OTERO COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE -12 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of; damage to; and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District is a member of the Colorado School Districts Self Insurance Pool, which operates as a self insurance pool comprised of various School Districts and other related public educational entities within the State of Colorado. The District pays an annual premium to the Pool for its property and liability insurance.

For Workers' Compensation, health, accident, and other types of insurance programs maintained by the District, commercial insurance companies are utilized. Settled claims have not exceeded insurance coverage in each of the last three years.

NOTE -13 TAX SPENDING AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations, which apply to the State of Colorado and all local governments.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention on such revenue.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits and qualifications as an enterprise will require judicial interpretation. Accordingly, the possibility exists that the District's interpretation of certain TABOR provisions may subsequently be determined to be incorrect.

In November 1996 the voters of the District approved an amendment to allow the District to collect, retain and spend all revenues and other funds collected from any source not withstanding the limitations of Article X, Section 20 of the Colorado Constitution.

NOTE -14 SUBSEQUENT EVENTS

Subsequent events have been evaluated through the report date, which represents the date the financial statements were available to be issued. Subsequent events after that date have not been evaluated.

OTERO COUNTY COLORADO

NOTE TO REQUIRED SUPPLEMENTAL INFORMATION

NOTE -1 BUDGETS AND BUDGETARY ACCOUNTING

Budgets are required by state law for all funds. At least thirty days prior to July 1, the Superintendent submits to the Board of Education a proposed budget for all funds for the fiscal year commencing the following July 1. The budget includes proposed expenditures and means of financing them.

Public hearings are conducted by the Board of Education to obtain taxpayer comments. The budget must be adopted by formal resolution prior to June 30, although it may be subsequently revised by January 31 of the following year.

Expenditures may not legally exceed appropriations at the fund level. Authorization to transfer budgeted amounts between departments, within any fund and the reallocation of budget line items within any department or within any fund rests with the Superintendent of Schools. Revisions that alter the total expenditures of any fund must be approved by the Board of Education.

Budgeted amounts reported in the accompanying financial statements are as originally adopted and as amended by the Board of Education throughout the fiscal year. Appropriations are based on total resources expected to be available in each budget year, including reserves as established by the Board of Education. Variances between budget and actual expenditures result from non-expenditure of reserves, nonoccurrence of anticipated events, scheduling of capital projects and normal operating variances.
